# INSIGHT OUT • HFF ACADEMY 2006

**EUROMED/MEDA PROGRAMME**  
**For non-EU-Participants**  
**of Southern Mediterranean countries**

## Target group

INSIGHT OUT for the Southern Mediterranean countries is a training programme for decision makers in the film, TV, and new media industries: Film & TV Executives, Programme Managers, Production Managers, Directors and Post-production-Supervisors, Line- & Creative Producers, Cinema Operators, Media Scientists, Journalists, and teaching staff of film and media schools.

Participants must be residents of one of the MEDA countries.

## Outcome for the participants

INSIGHT OUT is designed to provide decision makers with high quality information in a very short amount of time. Participants will be given all necessary information for digital feature film production, TV movie or TV series production. The workshop-like intensive atmosphere guarantees a close contact between participants and trainers. This is an excellent opportunity to find international production partners. INSIGHT OUT offers personal experience of digital high definition media. A wide range of formats will be used to illustrate the presentations, including: 35mm film, 4K- and 2K-digital film projection, DVD, PAL video and mobile movie.

The workshop will be held parallel - at the same time and location - to the INSIGHT OUT workshop for participants coming from countries of the European Union. Therefore it will include several discussions, receptions and social events together with the EU participants in order to foster exchange.
